Your scaled score is between 400 and 495. Test takers who score around 400 typically have the following strengths: <ul style="list-style-type: none"> <li>They can infer the central idea, purpose, and basic context of short spoken exchanges across a broad range of vocabulary, even when conversational responses are indirect or not easy to predict.</li> <li>They can infer the central idea, purpose, and basic context of extended spoken texts across a broad range of vocabulary. They can do this even when the information is not supported by repetition or paraphrase and when it is necessary to connect information across the text.</li> <li>They can understand details in short spoken exchanges, even when negative constructions are present, when the language is syntactically complex, or when difficult vocabulary is used.</li> <li>They can understand details in extended spoken texts, even when it is necessary to connect information across the text and when this information is not supported by repetition. They can understand details when the information is paraphrased or when negative constructions are present.</li> </ul> To see weaknesses typical of test takers who score around 400, see the *Proficiency Description Table.
